

# SYLVANIA STEREO

HIGH FIDELITY  
PRODUCTS

*We don't make them fast - we just make them good.*

six reasons  
to choose  
Sylvania

**Sylvania**  
**Stereo High Fidelity**  
the finest  
quality matched  
systems you  
can own

#### **Sealed Air Suspension Speaker Systems for Pure, Natural Bass Sounds!**

Sylvania Air Suspension speakers reproduce those important low bass notes accurately and without audible distortion. Sylvania Air Suspension speakers utilize flexibly mounted speaker cones which are capable of extremely long speaker strokes vital for natural bass.

The speaker enclosures are sealed air tight and the critical bass sound waves are not lost.

The result is a great bass sound that you can feel—all the way down—solid and natural.

#### **Great Stereo Virtually Anywhere in the Room with Sylvania Wide Dispersion Sound**

You can sit virtually anywhere in your living room and hear all the great sound from your Sylvania stereo. Sylvania uses Wide Dispersion high frequency speakers that create a Solid Wall of Sound in your own home . . . just as an orchestra spreads out before you on a

stage. Many models feature the Sylvania Dome tweeter for the ultimate in Wide Dispersion sound.

Those critical highs are always “there” with the Sylvania Wide Dispersion speaker system.

#### **Sylvania Automatic Turntables Protect Your Valuable Records**

Sylvania automatic turntables give you the features that add years to the life of your records. All Sylvania automatic turntables feature jam-proof operation that even junior can't foul up . . . Feather light stylus pressure to reduce stylus wear and track your valuable records smoothly . . . Many models feature a cue control for raising or lowering tone

arm at a desired sound track on the record. Anti-skate control keeps diamond stylus in the center of the record groove, resulting in minimum record wear and distortion . . . Automatic tone arm lock protects against tone arm damage . . . Deluxe magnetic cartridges are standard equipment on many Sylvania turntables.

#### **All Sylvania Tuners and Control Centers Offer Advanced Features . . . and are Designed for Simple Operation**

All Sylvania tuners and control centers offer advanced tuning and reliability features . . . and yet any member of the family will find the Sylvania system so very convenient to operate.

Sylvania receivers employ flick-of-the-wrist “Flywheel” tuning controls. You can tailor tonal dimensions to your taste with cut/boost bass and treble controls. Tuners have illuminated tuning scales and feature FM Stereo indicator light. Many models have deluxe d'Arsonval tuning meters that let you gauge FM and AM signal strength. Field-effect transistors virtually elimi-

nate annoying interference from local, powerful FM stations and integrated circuits add greatly to the life and performance of Sylvania receivers.

An FM muting pushbutton control all but eliminates “between channel” noise when tuning from one channel to another. Automatic FM stereo switching is available. A professional Baxandall tone control circuit substantially improves control over bass and treble frequencies without affecting the vital mid-range frequencies. Plug-in transistors make in-home service possible . . . if you should ever need it.

#### **Sylvania Accessory Jack Panels Let Your Music System Grow**

The longer you own your Sylvania Matched stereo system, the more ways you'll want to enjoy it. Sylvania Matched stereo systems are built to accommodate any additions or advancements you might consider. Convenient jacks are available that make it easy to play reel-

to-reel or popular cassette tape equipment. You can even record music from your favorite radio station. And . . . you can always add extra speakers.

Your Sylvania Matched stereo system is ready to grow.

#### **Sylvania Cabinetry Offers Three Collections of Authentic Period Designs**

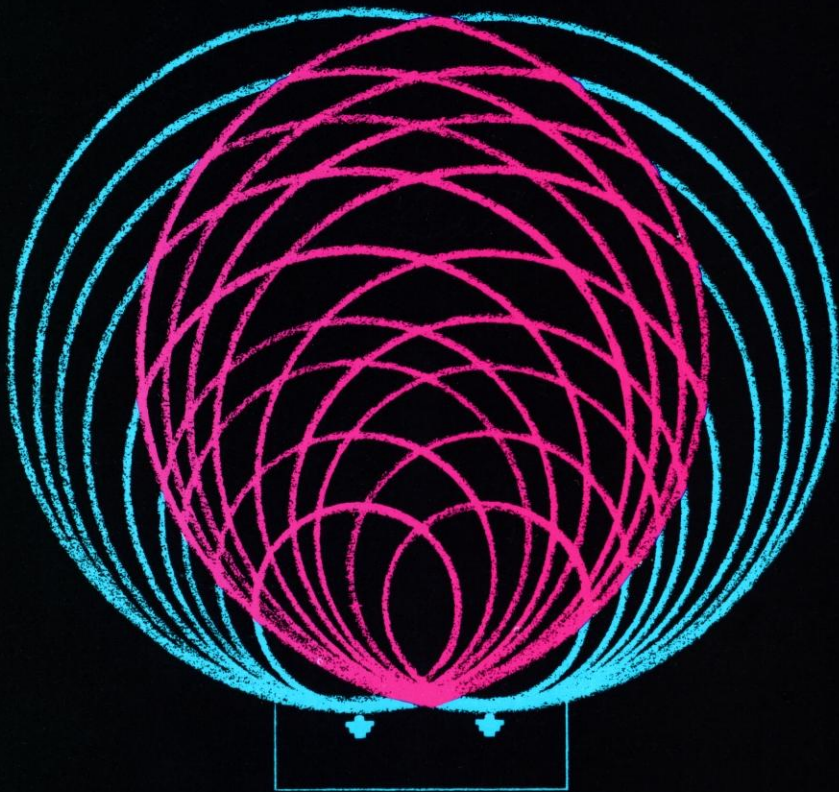

The Maestro, Concert Master and Dynamic America collections offer twenty-eight authentic period designs to choose from.

You will notice immediately the meticulous detailing and finishing that sets

Sylvania “furniture” apart from mere cabinets.

Sylvania offers authentically designed fine furniture cabinets that would complement the tasteful room decor of any discriminating family.

we take the extra time to build them . . .  
**you'll hear the difference immediately.**

Sylvania Sealed Air Suspension Wide Dispersion Speaker System

Ordinary Non-Sealed Speaker System

## Sylvania Matched Component Systems

PROFESSIONAL AUDIO ENGINEERS HAVE DESIGNED AND SELECTED MATCHED SYLVANIA COMPONENT SYSTEMS FOR MAXIMUM PERFORMANCE AND VALUE

Sylvania Matched component systems are a combination of three important elements.

First . . . an amplifier that provides undistorted power. Second, an automatic turntable that is capable of rumble-free performance. The third factor is the Sylvania Air Suspension Wide Dispersion speaker system, that can produce audibly undistorted sound. And in many systems, the added benefit of a tuner that offers exceptional sensitivity and selectivity over the full FM Stereo/FM/AM frequency range.

Each component element in itself is capable of optimum performance only when these elements are crafted together into a BALANCED unit. Only then can you have an Optimal Performance System . . . A Sylvania Matched component system.

OWN a Sylvania Matched component system designed by professional audio engineers.

### Matched Component System CS20W

Bookcase cabinet of richly grained Walnut veneers and select solids. Tinted translucent panel glides to reveal the Sylvania all-transistor FM Stereo/FM/AM receiver. 240 watts peak music power! Dual 1015F automatic turntable with magnetic cartridge. Choice of optional extra bookshelf sealed Air Suspension Wide Dispersion speaker systems.

*Height 10½" Width 32¼" Depth 15⅛"*

**Matched Component CR275W Receiver**

This versatile, impressively designed receiver-amplifier provides 120 watts peak music power. Positive-position linear slide controls on the FM Stereo/FM/AM tuner. D'Arsonval tuning meter, headphone jack, automatic FM stereo switching and FM muting. Complete facilities for tape recorder or player and speaker systems. Cabinet of oiled Walnut veneers and select solids.  
*Height 6 1/8" Width 17 1/2" Depth 12 3/8"*

**Sylvania T200 Automatic Turntable**

Features magnetic cartridge, anti-skate control, cueing control and 4-speed automatic turntable. Dust cover and base are included.

*Height 7 1/8" Width 15 1/8" 13 3/8"*

**Matched Component CR100W**

100 watts peak music power provided by this FM Stereo/FM/AM receiver-amplifier. Cabinet of oiled Walnut veneers and select solids.

*Height 6 3/8" Width 16 3/8" Depth 11 3/4"*

**Matched Speaker Systems**

**Matched Air Suspension Wide Dispersion bookshelf speaker systems** complement the purchase of your Sylvania Matched modular component system or Console Stereo. Walnut veneer enclosures with smart Ebony textured grille fabric (the AS41W is a Walnut vinyl-wrap cabinet). Pictured top left to bottom (each individual speaker includes the following components):

**AS41W**

4" extended range speaker.

*Height 6 3/8" Width 7 1/8" Depth 6 3/8"*

**AS61W**

One 6" woofer and one 3" tweeter.

*Height 8 1/8" Width 14 3/8" Depth 7 1/2"*

**AS81W**

One 8" woofer and one 3" tweeter.

*Height 11 3/8" Width 19 3/8" Depth 11"*

**AS101W**

One 10" woofer, one 4" mid-range, and one Dome tweeter.

*Height 13 1/8" Width 24 3/8" Depth 11 3/4"*

**AS121W**

One 12" woofer, one 4" mid-range and one Dome tweeter; mid-range-tweeter level control.

*Height 15 3/8" Width 26 3/8" Depth 12 3/4"*

**FS40BT**

Elegant floor model speaker is finished in physically distressed Butternut veneers and select solids. One 10" woofer, one 6" mid-range and one 3" tweeter.

*Height 21 3/8" Width 25" Depth 20 3/8"*

**Matched Component System MS220W**

Maximum performance in a minispace. The Sylvania 7000 automatic turntable with magnetic cartridge, cueing and anti-skate controls complement the Sylvania Solid State FM Stereo/FM/AM receiver. 120 watts peak music power! Sylvania sealed Air Suspension Wide Dispersion AS83W speakers and dust cover included. Cabinet of rich Walnut veneers.

*Height 10 1/4" Width 17 1/2" Depth 18 1/2"*

*Speakers:*

*Height 18 3/8" Width 10 3/8" Depth 10 1/2"*

**Matched Component System MS210W**

The Sylvania 5000 automatic turntable with cueing control and anti-skate control is precisely Matched with the Sylvania Solid State FM Stereo/FM/AM receiver. 50 watts peak music power! Sylvania sealed Air Suspension Wide Dispersion AS61W speakers and dust cover are included. Walnut veneer cabinet.

*Height 10 1/4" Width 17 1/2" Depth 18 1/2"*

*Speakers:*

*Height 13 7/8" Width 8 3/8" Depth 7 1/2"*

**Matched Component System MS110W**

The tinted dust cover and Air Suspension Wide Dispersion speaker systems are deluxe features included with this superb component system. Sylvania 3000 automatic turntable features jam-proof operation. The Sylvania FM Stereo/FM/AM receiver-amplifier provides 50 watts peak music power. Walnut veneer cabinet. Two 5 1/4" Air Suspension bass woofers and two 2 1/2" Wide Dispersion high frequency tweeters.

*Height 9" Width 21 1/8" Depth 15 1/4"*

*Speakers:*

*Height 11" Width 6 7/8" Depth 6 1/4"*

**Matched Component System CS2W**

Functional component modular system housed in a cabinet of striking Walnut veneer. 50 watts peak music power! All transistor FM Stereo/FM receiver. Garrard 2025T automatic turntable with jam-proof operation. Sylvania sealed Air Suspension Wide Dispersion AS61W speakers and tinted dust cover are included.

*Height 8" Width 20" Depth 14 3/8"*

*Speakers:*

*Height 14 3/4" Width 8 3/4" Depth 7 1/2"*

**Matched Component System MS150W**

The smooth, positive-position slide controls give this Sylvania Matched component system a distinctive look. 100 watts peak music power! The Garrard 2025TC automatic turntable with magnetic cartridge. Two 6" Air Suspension bass woofers and two 2½" Wide Dispersion high frequency tweeters. Tinted dust cover is included. Durable Walnut grained vinyl-clad cabinet.

*Height 9½" Width 20" Depth 14¾"*  
*Speakers:*  
*Height 14¾" Width 9½" Depth 4¾"*

**Matched Component System MS30W**

This practical and versatile Matched component system features the distinctive BSR automatic turntable with jam-proof operation. 50 watts peak music power! Two 5¼" Air Suspension bass woofers. Tinted dust cover included. Impressive vinyl-wrap Walnut cabinet.

*Height 8½" Width 19¾" Depth 14¾"*  
*Speakers:*  
*Height 12½" Width 7¾" Depth 6½"*

**Matched Component System MM12W**

Dramatic high fidelity performance in mini-modular form. Fine BSR automatic turntable with jam-proof operation. 40 watts peak music power! Sylvania sealed Air Suspension Wide Dispersion speakers include 4" extended range speakers for amazing high fidelity sound. Even the dust cover is included. Handsome Walnut grained vinyl-wrap cabinet.

*Height 7½" Width 14" Depth 14¼"*  
*Speakers:*  
*Height 10¾" Width 6¾" Depth 5"*

**Component Stereo Cassette Tape Deck CT150W**

Record directly from a radio, phono or television with the Sylvania stereo cassette tape system. Play back what you have recorded in glorious high fidelity stereo through your Sylvania amplifier. Two microphones with stands provided to record live performances in stereo. Separate record level meters. Pushbutton controls for play/record, pause, fast forward, reverse and stop eject.

*Height 3¾" Width 6½" Depth 13"*

**Matched Component System MM10W**

This bookshelf system has all the fine features of the MM12W. The true stereo high fidelity sound is exceptional. Dust cover and 4" Air Suspension extended range speakers included.

*Height 7½" Width 17¾" Depth 10½"*  
*Speakers:*  
*Height 7½" Width 6¾" Depth 6¾"*

# The Maestro Collection

## THE ULTIMATE IN CONSOLE STEREO HIGH FIDELITY

The Sylvania Maestro collection represents the finest combination of elegant console furniture and professional audio equipment available today.

This collection offers Spanish, Early American, Contemporary and Classic designs that are superlative in detail, flawless in execution.

The Matched component system crafted into the Maestro collection is a dramatic story in itself. The collection incorporates a Sylvania Wide Dispersion Air Suspension speaker system that reproduces those low bass notes and those critical high frequencies without audible distortion.

All Sylvania automatic turntables utilized in the Maestro collection are equipped with magnetic cartridges that are capable of the ultimate in natural sound reproduction. The Maestro tuners include every advanced tuning and performance feature you will ever need or want. Automatic stereo switching and automatic muting mechanisms are professional features available on many of these fine instruments.

Sylvania took the time to create the ultimate in console stereo . . . you will see and hear the difference immediately.

### The Maestro Mediterranean Collection . . .

*furniture with a Spanish accent . . . that remembers stucco, tiles and mantillas, formal rooms opening to sun-drenched patios.*

#### Mediterranean Style SC395P

Two 12" Air Suspension bass woofers, two 4" mid-range speakers and two Dome high frequency tweeters. Record storage and concealed casters.

*Height 31 1/2" Width 60" Depth 19 1/2"*

# The Concert Master Collection

## THE COLLECTION THAT MEASURES UP TO THREE CRITICAL OBJECTIVES

Three considerations dominated the design of the Sylvania Concert Master collection.

First . . . create a system of Matched audio components with the quality to satisfy the most critical listener.

Second . . . mold this musical system into authentically designed fine furniture cabinets that would complement the elegant room decor of any discriminating family.

Third . . . bring these outstanding instruments within the reach of all who love fine music.

The Sylvania Concert Master collection meets these objectives. Sylvania automatic turntables and Sylvania Air Suspension Wide Dispersion speaker systems for the most demanding listener. Deluxe, versatile audio controls and features that are a delight to operate.

Your eyes will tell you that Concert Master cabinetry meets your expectations. You would expect to pay much more.

### In the Concert Master Classic Tradition . . .

*a distillation of traditional design motifs worked in the fashion of the great cabinetmakers.*

#### French/Classic Style SC454C

The full scalloped base and carved cabriole legs set the feeling for this traditional design. Cabinet is of Cherry veneers with select hardwood solids and decorative non-wood trim. 120 watts peak music power! Sylvania 5000 automatic turntable with jam-proof operation. Two 10" Air Suspension bass woofers, two 3" mid-range speakers and two Dome Air Suspension high frequency tweeters. Record storage.

*Height 26½" Width 64" Depth 19"*

**Classic Tradition of the Concert Master Collection . . .**

*completely fashionable in a broad range of tasteful interiors.*

**French/Classic Style SC434C**

Classically detailed "Penthouse" design credenza accented with authentically detailed brass hardware. # Sylvania Radios

THE LUXURY OF GOOD SOUND IS STILL AVAILABLE WITH SYLVANIA RADIOS

Every Sylvania radio lets you experience true quality sound. Sylvania maximizes speaker sizes for bigger . . . fuller sound. Radio cabinets that are built better and solid state dependability gives you many more years of reliable service.

Sylvania Portable radios offer up to six bands for tuning versatility! Reception of shortwave, Marine and UHF broadcasts is now possible with many models.

The sleek, modern, low profile Table radios from Sylvania will enhance any fine furniture setting. Sylvania table radios feature instant AM and FM reception.

Sylvania Clock radios look great anywhere. The Contemporary low profile styling offers today's look to the Sylvania Digital Clock Radio. Easy to read hour and minute clock numerals surrounded by an impressive Walnut high impact plastic enclosure. No more middle of the night eyestrain with the Digital . . . and AM/FM reception that's the best.

All Sylvania radios have today's most wanted features . . . and a few of tomorrow's features you'll love today!
