Garrard CUSTOM AUTOMATIC/MANUAL CHANGER . . .

Custom Craftsmanship from the Garrard Laboratories

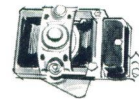

- 4 playing speeds—78, 45, 33, 16 RPM
- 8" turntable
- Aluminum tone arm
- High compliance stereo cartridge
- Dual sapphire styli
- Single play spindle
- Automatic shut-off system

Unified control panel has completely separate positions for playing records automatically or individually.

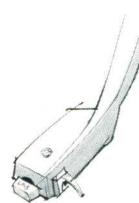

Separate removable spindles for safe handling of records. Short spindle for single play.

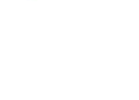

Garrard's shaded "Induction Surge" motor, with dynamically balanced rotor, gives constant speed, with no hum or vibration.

Extra-sensitive stylus pressure control in aluminum tone arm insures precise tracking pressure at all times.

High Compliance Cartridge. Sensitive stereo cartridge produces full dimension sound from stereo records and plays all standard records, too. Dual channel stereo cartridge equipped with diamond stylus for standard LP and all stereo discs.

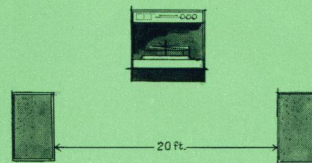

Jewel-like escutcheon features four full listening controls including on/off and loudness. Separate stereo balance and separate bass and treble tone controls allow full tonal and balance adjustments to any desired listening levels.

DUAL CHANNEL POWER AMPLIFIER

Precision-engineered, provides high power output with minimum distortion, exceptionally low hum level. Assures full high fidelity frequency range, provides more than adequate power to produce resonant lows, clean middle tones and brilliant highs.

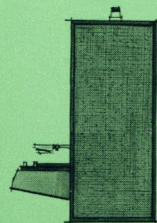

MATCHED MULTIPLE "SWING AWAY" SPEAKER SYSTEM

The Sylvania stereophonic, balanced high fidelity speaker system employs two matched speakers engineered to give dimension and "presence" to both voice and music. Speakers are housed in separate enclosed sound chambers that may be detached from the cabinet and positioned to provide up to 20 ft. of stereo separation. Acoustical remote sound chambers play and perform perfectly on cabinet attachments, also.

CONVENIENT "TILT-DOWN" CHANGER PLATFORM

Slim and trim . . . designed for portability and styled with all of today's fashion features. High style slimness makes portability and carrying easy. Its tilt-down changer platform provides added playing convenience . . . folds away when not in use for easy storage. Collapsible cabinet-balanced carrying handle. Fashionably finished in smart, luggage designed, texture-tone carrying case that resists wear, color styled in smart neutral shades.
